Better Subjects of the Better Kinds

from **GULF STREAM**

.... here are just a few

STEPHANANDRA, Incisa Crispa

Graceful, very dwarf shrub has finely incised, bright green leaves that change to a brilliant reddish purple in autumn. Grows well in shade and is a splendid ground cover. Produces small clusters of white flowers, but is really grown for its dainty, fernlike foliage. 2-year-old.

STEPHANANDRA, *Incisa Crispa*

New HEDGE ROSE, Robin Hood

**SPECTACULAR
NEW HEDGE ROSE
“Robin Hood”**
(Pemb. 27)

Robin Hood is the most remarkable and beautiful hedge rose ever offered. A delightful musk rose hybrid that has everything. In spring, blazing clusters of brilliant, cherry-red flowers completely cover the healthy, deep green foliage. Continues to bloom attractively all summer and fall. For small or large gardens, these densely compact plants are unexcelled. Do not confuse Robin Hood with the rampant growing, poor-flowering, much overrated ~~midrib~~ ^{MAPLE} ~~maple~~ ^{MAPLE}. Available in large quantities . . . priced ~~to sell in~~ ^Y ~~RECEIVE~~ ^D volume.

JUL 2 1958

MAPLE, Crimson King U. S. Department of Agriculture
Acer platanoides schwedleri nigra (Patent No. 735)

“CRIMSON KING”

NOT GENUINE
WITHOUT THIS TAG

**THE MOST BEAUTIFUL
OF ALL SHADE TREES**

Include patented Crimson King Maple on your list in 1959. It's the only maple which retains its dark crimson color throughout the spring, summer and fall, creating an exciting and continuous color contrast to lawns and shrubs. Be sure you get the original Crimson King; it is easily recognized by the dark, glistening, satiny sheen of its colorful foliage—insist on Crimson King.
